Subject: Microsoft Settlement

To whom it may concern:

I wish to impart to you that it is my opinion that the proposed Microsoft Settlement is a poor one. I believe, after reading the available material, that this is in no way a measure that will stop Microsoft's monopoly activities. In fact, I feel that the proposed settlement, in the manner in which it is worded, will allow Microsoft to continue its monopoly activities, just under a different guise. I feel that the proposed settlement is not even a "slap on the wrist", and strongly urge you to find a more effective solution that will properly punish and restrict Microsoft's illegal activities, and not just cave in to big business desires.

Thank you for your attention in this matter.

Brian Vincent
